Two Year Anniversary !!!

Wow.

It's been two entire years since we made our first release. We managed to reach 300+ releases in those two years.

While not everything went according to plan, I succeeded where it seemed almost impossible.

I need to thank Castellan, Gecko, Algazero, Anonman along with Lolo91, Darthelsing, Tadtes and Bigkiok, for stepping up to get it done! Not to mention some others that lent a hand such as MangaLight. Of course I can't forget Hakate who's used A LOT!

Well, I hope you've enjoyed this celebration. It was a lot of work but worth it. You'll see a handful of other chapters released today however, we will be back to our regular rules for releases. Thanks for joining us!

Oh yes, and we are still always looking for help.
